Wednesday, May 24, 2023  
Case Reviews in Trauma  
CME Credit

# 17th ANNUAL INTERNATIONAL SAN FRANCISCO ORTHOPAEDIC TRAUMA COURSE

## COURSE OVERVIEW

Learn new and evolving concepts in trauma and fracture management through didactic lectures, case presentations, and hands-on practice with the latest implants from international leaders in the field of orthopaedic traumatology.

This course is of substantial value in the preparation for board and recertification examinations.

## EDUCATIONAL OBJECTIVES

At the conclusion of this educational activity participants should be able to:

- Review orthopaedic trauma principles.
- Improve skills and assess advancements in surgical techniques through hands-on plating, external fixation, and intramedullary nailing methodology.
- Apply technological advancements that can be brought readily to the clinical setting of orthopaedic trauma care, including osteobiologics and instrumentation.
