## COURSE OVERVIEW

This premier conference provides world-class orthopaedic trauma education drawing leading surgeons, healthcare professionals, and trauma specialists from across the globe, offering an unparalleled opportunity to enhance clinical expertise and surgical skills in a collaborative, hands-on environment.

## WHY ATTEND THIS CONFERENCE

Participants will immerse themselves in the latest advancements in orthopaedic trauma care, including:

- Mastering plating, external fixation, and intramedullary nailing techniques through lectures and practical workshops.
- Exploring cutting-edge technological and osteobiologic innovations that can be seamlessly applied to clinical practice.
- Engaging with expert faculty to review fundamental principles, troubleshoot complex cases, and optimize patient outcomes.
- Continuing Medical Education (CME) credits through ACCME, ACPE and ANCC accreditation.

## WHO SHOULD ATTEND THIS CONFERENCE

Whether you are a general orthopaedic surgeon, trainee, nurse, or physician assistant, this conference provides essential knowledge and actionable insights to elevate your practice.

Attendees return with enhanced confidence in treating traumatic musculoskeletal injuries and creating strategies for improving patient care.

Benefit from the networking and learning environment, gain Continuing Medical Education (CME) credits through ACCME, ACPE and ANCC accreditation, and enjoy sharing knowledge with experts and colleagues. Secure your place early to maximize the value of this must-attend event in orthopaedic trauma.
